## CAREER OBJECTIVE

Enthusiastic and dedicated **Information Technology graduate** from **Lyceum-Northwestern University**, with a passion for full-stack development and software engineering. Currently working as a **College Instructor** at the **Philippine College of Science and Technology**, teaching IT-related and interdisciplinary courses. Seeking a position as a **Software Developer** or **Full-Stack Web Developer** to apply programming expertise, problem-solving skills, and modern web technologies in developing scalable and user-centered applications.

## EDUCATION

### Lyceum-Northwestern University(LNU)

*Bachelor of Science in Information Technology*

Graduated: **June 20, 2025**

Dagupan City, Pangasinan

## PROFESSIONAL EXPERIENCE

### Philippine College of Science and Technology (PhilCST)

*Nalsian, Calasiao, Pangasinan*

#### College Instructor

*June 2025 – Present*

- Teaching courses in **Computer Science, Information Technology, Maritime, Tourism, and Accounting** programs.
- Creating lesson plans and practical exercises focused on real-world IT applications.
- Integrating modern programming tools and frameworks into academic activities.
- Mentoring students in software development projects and research.
- Collaborating with faculty to improve the digital and technical curriculum.

## TECHNICAL SKILLS

- **Programming Languages & Frameworks:**  
Python, Flask, PHP, MySQL, HTML5, Bootstrap, React, C#, ASP.NET, Blazor, Odoo
- **Development Tools & Platforms:**  
Visual Studio, VS Code, Git/GitHub, Odoo 17, Postman, XAMPP

## Areas of Expertise:

- Full-Stack Web Development
- Database Design and Management
- API Integration and RESTful Services

- Front-End Development (React, Bootstrap, HTML5, CSS3)
- Back-End Development (Flask, PHP, ASP.NET, Odoo)
- Responsive UI/UX Design
- Software Testing and Debugging

#### PROJECTS & ACADEMIC WORK

- **Capstone Project:** *Custom Dashboard and Analytics System (Odoo 17)*  
Developed a modular dashboard for academic data visualization using Python, Odoo, and MySQL.
- **Portfolio Website:** *Personal Web Profile and Project Showcase*  
Created a responsive web portfolio using HTML5, CSS, Bootstrap, Python, and Flask.
- **Quest Management App:** *Blazor WebAssembly Project*  
Built an interactive quest allocation and tracking system using C#, Blazor, and Radzen components.

#### ACHIEVEMENTS

- Recognized for outstanding project design during internship and final capstone presentation.

#### PERSONAL INFORMATION

- **Date of Birth:** FEBRUARY, 26 2000  
**Civil Status:** Single  
**Citizenship:** Filipino  
**Languages:** English, Filipino
